

# VALHALLA

Edmonds, WA

The Valhalla Mixed Use Project will be located on Edmonds Way in Edmonds, Washington, on an 80,000 square foot site. The site will contain 25 Town Homes, 25 Apartment Flats and 9,500 square feet of office space. The development will use green technologies and an energy-efficient design. Exterior courtyards, garage doors concealed from main streets, and extensive landscaping will refine its visage of new urban architecture.
